

## DONATE OFFICE SUPPLIES

Imagine being homeless. Where do you keep all your important paperwork? Your social security card, your bills, your kids' school registration and medical records?

When clients enter the Bridge program, we help them reduce stress and regain control of their lives. Providing a place to organize and store important paperwork and office supplies is one way we do that. Being able to easily access documents also helps mentor meetings run more smoothly.

**Please consider helping Bridge families be organized and successful by donating Client Meeting Boxes.**

## What is a Mentor Meeting?

Volunteer mentors meet regularly with families in their homes to build trusted, supportive relationships and provide encouragement as they work toward their goals. During these meetings, mentors listen, offer emotional support, help families develop practical skills such as budgeting and planning, connect them with community resources, and celebrate progress along the way. By consistently showing up, mentors create a reliable source of support that helps families gain confidence, overcome challenges, and move toward long-term stability.
